

## FEDERAL CIRCUIT COURT OF AUSTRALIA

### NOTICE TO PRACTITIONERS

#### Divorce Lists – Northern Tasmania

Due to lack of IT support for an electronic divorce file and increasing difficulty in obtaining courtroom facilities, as of 1 January 2018 divorce lists will no longer be held in Devonport.

In order to ensure that clients who would have ordinarily attended the court in Devonport are not disadvantaged as a result, the Registrar will be conducting more divorce lists in Launceston which will reduce times between filing and divorce orders.

In addition, while any applicant and/or respondent's legal representative may choose to attend the hearing in Launceston, they may make a request to participate by phone. All phone attendances will be heard at the time listed by GlobalMeet teleconference with the Launceston practitioner's matters. On completion of phone attendances, the Registrar will commence hearing the remainder of the list.
